Special Instructions**NOTE10**

SENIOR OFFICER HOUSING AFFECTED BY PAIP RENOVATION PROJECT FROM FY18 TO FY 20. Most of Yokota Senior Officer Housing (SOQ) will undergo renovation from FY18 through FY20. It is important to contact the Housing Management Office (HMO) if you are a Senior Officer (O-6) or Command level/key and essential civilian with rank GS-15 and above to find out details on alternate SOQ units. Alternate SOQ units are pre-assigned for all command level personnel. These alternate units range from 108 to 310 square feet smaller in size than a regular SOQ unit. It is important to make arrangements for non-temporary storage (NTS) in CONUS before transferring to Yokota for non-essential items as housing units do not have large storage spaces. There are no government authorized/funded storage areas in Yokota. Rental storage for personal use is very limited in Yokota and surrounding areas. Shipping household goods back to CONUS is at member's expense. Contact Housing Office at DSN 315-225-9145/6163 or email 374ceshousing@us.af.mil to inquire about SOQ housing units.

NOTE6

Members are advised to contact their assigned sponsor before making any final arrangements for shipment of HHG to Yokota. Members may also contact Furnishings Management Office at DSN:315-225-9114/8802 for further information.

NOTE 4

Inbound personnel must be counseled on the non-availability of government or local economy STORAGE facilities in and around Yokota Air Base. Storage is not available at Yokota, so members are highly encouraged to bring only essential furniture items to include living room sets (couch, chair, coffee table, end table, lamps), dining room sets (table and chair), and bedroom sets (bed, dresser or chest, night stand, lamps) while storing non-essential furnishing items in NTS stateside. EXCESS PROPERTY SHIPPED THAT WILL NOT FIT OR IS TOO LARGE FOR YOUR HOUSE AT YOKOTA WILL NOT BE STORED NOR WILL BE SHIPPED AT GOVERNMENT EXPENSE.

NOTE 7

DPM/AMC shipments transiting Yokota AB, JA, destined for other areas within Japan or other countries remain within the AMC system. Tracer actions on shipments of this nature are to be addressed to 730 AMS/TRKC/YOKOTA AB JA//.

NOTE 2

a. Accompanied personnel: All inbound military personnel accompanied, or to be accompanied by their dependents within 30 days, will be required quarters or authorized to move off-base. (1)If adequate housing, in accordance with the member's grade and bedroom entitlement, is not available within 60days of the member's arrival on station, the member may be authorized to reside off-base as determined by the Housing Management Office (HMO). Determination will be made, based on housing availability, projected vacancy, and occupancy rate. (2)Temporary Lodging Allowance (TLA) will be paid in accordance with the Joint Travel Regulation (JTR) and AFI 32-6001. Members receiving TLA, incumbents of Key and Essential (K&E) positions, and personnel with approved hardships/waivers, are required to accept the first available housing, Members receiving TLA will accept the first available adequate housing offered or will forfeit their TLA. TLA authorizations will stop on the date which adequate/available housing is offered, accepted or refused. (3)Military personnel residing off-base must report to HMO if entitlement changes (i.e. married, acquired dependent/child, tour change). Members that will increase entitlement due to addition of dependents must relocate on-base. If adequate housing, in accordance with the member's grade and bedroom entitlement, is not available within 60 days from the time of application for MFH, the member may continue to reside off-base as determined by HMO. Determination will be made, based on housing availability, projected vacancy, and occupancy rate.

NOTE 3

b. Unaccompanied Personnel: The following criteria will be used to determine whether unaccompanied members will be housed on-base or if off-base housing is authorized. Personnel will not be involuntarily assigned to inadequate housing. The 374 AW/CC determines housing assignment policy based on military necessity, readiness, or disciplinary issues. (1)All unaccompanied personnel in grades E1 through E4 will be assigned to government-provided unaccompanied housing (UH). (2)All unaccompanied E5 personnel will be assigned to government-provided UH. When occupancy rates exceed the established occupancy rate goals as specified in AFI 32-6005, members will be authorized to reside off-base, based on seniority and position on the Overseas Housing Allowance (OHA) waiting list. The HMO will maintain the current OHA wait list. (3)All unaccompanied E6 and above will reside off-base. c. Key and Essential (K&E) Positions (will be identified/determined by the Installation Commander): Designated K&E personnel are required to live on the installation as a matter of military necessity. The Installation Commander may waive (in writing) the requirement for K&E to reside on the installation if adequate housing is not, or will not be, available to meet the K&E member's family size and/or composition; or if the K&E member owns, or is purchasing housing in the local community, at the time of assignment to the K&E position. d. Other Civilian Personnel (including mission essential, emergency critical, and mission critical personnel): Civilian employee eligibility is verified IAW AFI 32-6001 para.5.2 and with Civilian personnel Section (CPS). With the exception of K&E civilians, occupancy of FH is limited to 5 consecutive years at any location. This policy can be waived when in effect that there are excess adequate MFH units.

NOTE 5

Inbound personnel must also be counseled that basic support items provided by Housing for the duration of their tour include a stove, refrigerator, washer and dryer for both on-base and off-base (local economy) housing. INBOUND PERSONNEL SHOULD NOT SHIP MAJOR APPLIANCES, KING-SIZE OR CALIFORNIA KING BEDS. Make arrangements to procure adequate bedding set to ship with HHG. Additional items not recommended for shipment include: Large German Shrunk, Jacuzzi, Upright/Deep Freezer, Large Antique Furniture, Oversized China Cabinets and Wall Units and outdoor or patio furniture (if Tower housing is preferred). The FMO provides a basic loaner kit (temporary for up to 90 days).

NOTE1

Effective 18 May 2015, Furnishings Management Office (FMO) will provide loaner Kit of essential items for a maximum of 90 days or until receipt of your HHG. Appliances installed in on-base quarters are real property and generally remain in the quarters unless removed by Housing Maintenance. FMO will provide the appliances for off-base quarters for the duration of the tour. Please do not ship any appliances and yard maintenance items. On-base homes range from 980-1500 square feet and for off-base is 450-1500 sq ft. For on-base housing square footage/floor plan information, please contact the Yokota Housing Office at DSN: 315-225-8636/9258. A good tool to help determine your approximate weight is located at <http://jppsosat.randolph.af.mil/weight-estimator.asp>.

NOTE 8

Unaccompanied baggage shipments should be routed via Code J. Do not tender unaccompanied baggage shipments via INTL/AIR/COMM/DPM movement to preclude unnecessary delays in delivery of the property to the member and prevent the member from incurring financial/personal hardships or inconvenience due to problems with customs clearance.

NOTE 9

Ensure that all parcel post shipments are clearly identified as unaccompanied baggage to preclude delay in delivery to the member.
