## I. First Steps After Receiving Orders

(These are the actions that should be initiated immediately due to a longer processing time, or because it is an early investment into the overall project. Most of these action items will happen simultaneously; some of them take time; so initiate and then move to the next step)

<input type="checkbox"/>	<p><b>Make sure your Orders are Accurate (Do this immediately)</b></p>	<p>As soon as you receive your orders, make sure all details are accurate.</p> <ul style="list-style-type: none"> <li>• Check service member information, duty stations (present/future commands), family member details (names and birthdates), and reporting dates. Let your supporting admin office (S1/IPAC) know of any errors.</li> <li>• Check to make sure dependents are specifically listed on your orders. If not, submit a formal request for "Accompanied Orders" through your chain of command.</li> <li>• Ensure all endorsements with all funding lines of accounting are included.</li> </ul> <p><i>Tip: If you have a short-fuse shipment, contact your local DMO immediately.</i></p> <p><i>Tip: If you or a family member is enrolled in EFMP, initiate the EFMP checklist ASAP. <a href="#">[Ref 1]</a></i></p>
<input type="checkbox"/>	<p><b>Grab a Calendar &amp; Get Organized</b></p>	<p>Create a rough timeline for your move.</p> <ul style="list-style-type: none"> <li>• Check the NLT (No Later Than) date on your orders and work backwards. Outline your preferred pack-out/pick-up dates, route, or flight dates along with alternative dates. Use one calendar as a central location for all things PCS-related.</li> </ul> <p><b>NOTE: The timeline for your shipments will vary depending on how early/late you choose to ship your belongings. There is no "right" answer to what order you send your shipments.</b></p> <ul style="list-style-type: none"> <li>• Your "Move Date" is your "Pick Up Date" — the date you would ideally like everything loaded. Choose a 7-day window. Enter the last day into DPS and the window will auto-populate.</li> <li>• <b>Pack Dates</b> happen in the days immediately preceding your Pick Up Date — outside your 7-day spread but not on weekends or holidays without your permission.</li> </ul> <p><i>Example: Move Date = Apr 24 → DPS auto-populates Apr 18–24. TSP choosing Apr 18 pickup means pack days may be Apr 13, 14 &amp; 17.</i></p> <p><i>Check out the 7-Day Scheduling Window Fact Sheet. <a href="#">[Ref 25]</a></i></p> <p><i>Tip: Once your shipment is awarded in DPS, the TSP must contact you within 3 days to confirm a pick-up date.</i></p> <p><i>* For parents of school-age children: Confirm early withdrawal/late enrollment dates with current and prospective schools when choosing move dates.</i></p>
<input type="checkbox"/>	<p><b>Initiate Overseas Suitability Screening (OSS) process (Start immediately upon receipt of OCONUS orders)</b></p>	<p><b>Start the Suitability Screening process immediately upon receipt of orders by contacting your assigned Area Suitability/Overseas Screening Coordinator or the nearest Medical Treatment Facility (MTF).</b></p> <p>The purpose of the OSS is to screen all family members of active duty and/or activated service members who request government-sponsored travel to OCONUS locations for potential travel concerns, which may include medical, educational, and/or dental needs, to ensure that the gaining location can meet their needs. Work with your assigned OSS Coordinator to meet all medical clearance requirements. Per BUMED Instruction 1300 2.B, the OSS process is required to be completed within 30 days for the service member(s) and 60 days for family member(s). <a href="#">[Ref 43]</a></p> <p><i>NOTE: Area clearance is NOT required when PCSing to Guam.</i></p> <p>For a guide on how to fill in the OSS forms, see this video from Camp Pendleton OSS office. <a href="#">[Ref 44]</a></p> <p>General questions can be directed to the <i>NEWLY established</i> FMTS Cell. <a href="#">[Ref 45]</a></p> <p><i>NOTE: You will want to collect medical / dental records to hand carry to your new duty station.</i></p> <p><i>EFMP (Exceptional Family Member Program) families: Contact your local EFMP office upon receipt of orders to ensure all paperwork is current. Ask for a PCS Needs Assessment and transition resources. Also contact your gaining installation EFMP office to discuss any concerns with housing, educational, or medical needs. If you need help locating an office, you can search EFMP family support services through Military OneSource. <a href="#">[Ref 46]</a></i></p>

<input type="checkbox"/>	<b>Sign up for an MCCS Relocation Class with your IR&amp;R Office (if available)</b>	<p>Search for your local MCCS Information, Referral, &amp; Relocation (IR&amp;R) website to sign up.</p> <ul style="list-style-type: none"> <li>Per MCO 1754.10B <a href="#">[Ref 3]</a>, a PCS workshop is required for the service member and highly encouraged for the spouse. <input type="checkbox"/>	<b>Submit your Outbound Interview (OBI)</b>	<p>Sign into your Marine On-Line (MOL) account to complete your Outbound Interview (OBI).</p> <ul style="list-style-type: none"> <li>All Marines in receipt of PCS orders will utilize the OBI module within MOL. This covers all information needed by IPAC/admin to finalize PCS orders and will determine your travel entitlements. The OBI is used to finalize the flight booking process. <input type="checkbox"/>	<b>Submit your Pet Information to your local Passenger Travel Office (PTO)</b> <i>(If applicable, as soon as you know your general departure month)</i>	<p><b>**Only Cats &amp; Dogs are considered pets per the purposes of the AMC-PE. Space is limited on the AMC-PE, and there is no guarantee of a reservation no matter how early this process is initiated.</li> <li>As of 10 March 2026, all service members must sign and submit to PTO the AMC Risk Acknowledgement Document prior to receiving a pet spot on AMC. <a href="#">[Ref 50]</a></li> <li>See 2026 Peak Season MARADMIN Section 8 on Transporting Pets. AMC-PE should always be the first option when transporting your pet. Visit the AMC Pet Travel Page for breed restrictions, kennel/carrier requirements, and pet pricing. Other options for moving pets include commercial airlines and pet relocation services (3rd party shippers) if AMC-PE is not available. These options can be more costly. <a href="#">[Ref 7]</a></li> <li>Pet reimbursement is now authorized up to \$2,000 for one pet: <ol style="list-style-type: none"> <li>Pet Transportation Entitlement MARADMIN <a href="#">[Ref 51]</a></li> <li>JTR 050107 "Pet Expenses Due to a PCS" <a href="#">[Ref 8]</a></li> <li>Pet Transportation Allowance <a href="#">[Ref 52]</a></li> </ol> </li> </ul> <p><b>Things to consider:</b> If you are coming from a non-USMC location, the booking process may be slightly different. Contact the local PTO office as early as possible to learn their specific rules.</p> <p><b>Air Mobility Command-Patriot Express (AMC-PE):</b> DoD policy may allow passengers traveling in a PCS status to ship pets at their own expense. Pets are limited to dogs and cats only, with no more than 2 pets per family and must be accompanied by their owner. The combined weight of the pet and its kennel/carrier will not exceed 150 pounds when transported in the baggage compartment (aircraft belly). Please remember AMC-PE flights may not be available when you rotate back from an overseas location, resulting in commercial options.</p> <ul style="list-style-type: none"> <li>Per DTR part 103, L.3.d, pet unavailability on the AMC-PE is a valid negative critical mission impact, and you may be able to be booked via commercial air. Any excess costs incurred as compared to the government-constructed cost will be the responsibility of the family. <a href="#">[Ref 53]</a></li> </ul> <p>As of May 1, 2026: If commercial travel is authorized, active duty and dependents may use a foreign flag carrier when no US flag air carrier is able to provide pet transportation; see JTR Section 050107 B.2.</p> <p><i>Example: Flying JAL/Korea Air with no codeshare with a US airline.</i></p>
<input type="checkbox"/>	<b>Initiate the pet importation process for entry to Guam (if applicable)</b> <i>This process may take around 6 months to complete</i>	<p><b>Make an appointment with your local Veterinarian (preferably a military Veterinary Treatment Facility (VTF) familiar with the process).</b></p> <ul style="list-style-type: none"> <li>Review the Guide for importing dogs or cats into Guam <a href="#">[Ref 54]</a>. ### III. The Earlier, the Better (180–90 Days Out)

*These are recommended timelines but can occur sooner/later based on other steps in the process.*

<input type="checkbox"/>	<p><b>Understand your HHG weight</b></p>	<p>It is crucial the service member understands the total weight of HHG they are authorized. Entitlements can be verified in the DTR IV “It’s Your Move” on page 5. Use the PPA weight estimator tool. <a href="#">[Ref 29]</a></p> <p><b>Pro Gear</b> does not count against your total weight allowance. Net weight limit is 2,000 lbs. Marines may request an additional 500 lbs for Spouse Pro Gear, which includes items required for employment and homeschool materials. All Pro Gear requests MUST be submitted to the local PPO BEFORE the move.</p> <p><b>Gun safes</b> (&lt;500 lbs) are authorized to ship in addition to your authorized weight, not to exceed 18,000 lbs. Must be shipped empty.</p> <p><i>Note: O6 and above must request additional weight allowance from their local TO/DMO.</i></p>
<input type="checkbox"/>	<p><b>Prepare to schedule your shipments</b></p>	<p>As soon as you receive your orders, start with DMO for HHG applications to lock in pack-out and pick-up dates.</p> <ul style="list-style-type: none"> <li>• Use the <b>Installation Search</b> option to find your nearest DMO (or Personal Property Office if not on a USMC base). <a href="#">[Ref 5]</a></li> </ul> <p><i>If this is your first time moving, contact your local DMO first to receive instructions to create an account.</i></p> <p><b>NEW (April 2026):</b> Homeschooling materials may now be included as PBP&amp;E (Pro Gear) — see <i>JTR Appendix A.</i></p> <ul style="list-style-type: none"> <li>• Review the PPA: Personal Property Entitlements for specific details regarding prepping for your move.</li> <li>• Unaccompanied Baggage (UB) max weight limit is 2,000 lbs per family regardless of rank or number of dependents for accompanied tours to Guam. (JTR Paragraph 051403)</li> </ul> <p><i>NOTE: Be advised that houses in Guam tend to run smaller than typical US homes and personal storage is extremely limited. Consider these factors when deciding what to place in Non-Temporary Storage.</i></p>
<input type="checkbox"/>	<p><b>Schedule your shipments in DPS</b>  <i>UB (Unaccompanied Baggage)            HHG (Household Goods)            NTS (Non-Temp Storage)            Small Package PPM (Personally-Procured Move)</i></p>	<p>Log into DPS <a href="#">[Ref 28]</a> to schedule your shipments. Each shipment will be submitted separately under the same order number. Have the following ready:</p> <ul style="list-style-type: none"> <li>• Contact info, estimated weight, pick-up &amp; delivery locations and dates (no weekends or holidays), and any special items/PBP&amp;E (Pro Gear).</li> </ul> <p><i>Tip: If you don’t know your exact delivery address, use your new duty station (e.g., Yigo, Guam) and update once you arrive.</i></p> <p>Completing this step will generate your DD Forms. Review first, then sign. Contact your local DMO with any questions.</p> <p><b>Small Package PPMs</b> are not the primary method of moving HHG OCONUS. However, small-package shipments (e.g. via USPS) are authorized if your shipments combined weights do not exceed your entitled weight. These are small shipments (generally &lt;500 pounds, no more than 70 pounds per package) that the service member ships via USPS or other methods and are authorized for exact-cost reimbursement up to the standard government rate. The reimbursement does not include any costs for expedited shipping or insurance. The intent of Small Package PPMs is to enable the shipment of small household necessities (e.g. sheets, clothes) in an expedited manner to your destination. Review the <b>USMC Handout on Small Package PPMs</b> for more information. <a href="#">[Ref 34]</a></p> <p>Please be advised, prior to performing a PPM, a Marine must first self-counsel in DPS or be counseled by the PPO and receive approval from a PPO via signed DD 2278. Marines who fail to obtain PPO approval in advance of the move will not be paid an incentive.</p>

<input type="checkbox"/>	<b>Start thinking about your vehicles: Will you ship or sell them?</b>	<p><b>Visit PCSmyPOV to learn about POV (privately owned vehicle) shipping locations and to make an appointment for drop-off. You will need to notify DMO if you would like to ship a POV. [Ref 35]</b></p> <ul style="list-style-type: none"> <li>• Marines conducting a PCS move to Guam may be entitled to ship one POV at government expense. Contact your local DMO for information regarding POV entitlements and to prepare required documents. Refer to "<b>Shipping your POV</b>" section in this document.</li> <li>• A second vehicle can be shipped at the member's expense</li> <li>• Electric vehicles <b>CAN NOT</b> be shipped to or from Guam; see PCSmyPOV website above for more information.</li> </ul>
<input type="checkbox"/>	<b>Determine if you will apply for a passport</b>	<p>Guam is a U.S. territory, passports are <b>not required</b> for PCS travel. However, it is <b>strongly recommended</b> that eligible dependents obtain a <b>no-fee passport</b>, and active duty obtain a <b>tourist passport</b>, in case of emergency travel (e.g., medical evacuation or leave requiring transit through a foreign country). Please refer to the Foreign Clearance Guide (FCG) for further details. <i>(CAC Restricted)</i></p>
<input type="checkbox"/>	<b>Contact IPAC for Entitlement Questions</b>	<p>Know your entitlements — call or visit your local IPAC:</p> <ul style="list-style-type: none"> <li>• TLE (Temporary Lodging Expense): Authorized 7 days for CONUS-to-OCONUS moves. <a href="#">[Ref 9]</a></li> <li>• DLA (Dislocation Allowance): Partially reimburses for relocation expenses (typically reimbursed upon check-in once travel claim is completed). <a href="#">[Ref 10]</a></li> <li>• Per Diem: Flat rate for each day of travel. SM may not receive both per diem and TLE for the same day. <a href="#">[Ref 11]</a></li> <li>• TLA (Temporary Lodging Allowance): Authorized OCONUS 10 days at a time while waiting for permanent housing. <a href="#">[Ref 12]</a></li> <li>• OHA (Overseas Housing Allowance): if allowed to apply for off-base housing, you can use the calculator to find your OHA amount. <a href="#">[Ref 13]</a></li> <li>• GTCC: Know your limit. Ask your S-1/ODTA if you need to raise your limit. Ensure it is activated and in mission-critical status prior to departure.</li> <li>• LICWO: Contact your chain of command regarding this entitlement. <a href="#">[Ref 14]</a></li> </ul>
<input type="checkbox"/>	<b>Create a budget</b>	<p>Come up with a spending plan. There will be some up-front costs that will be reimbursed later, but also plan for start-up expenses once you arrive (pantry, cleaning supplies, utilities). Do not forget to request Dislocation Allowance (DLA) on your travel voucher once your PCS is complete. Advanced DLA is no longer authorized if the active duty Marine has a GTCC.</p>
<input type="checkbox"/>	<b>Communicate with your Sponsor</b>	<p>Provide your sponsor with the following:</p> <ul style="list-style-type: none"> <li>• A copy of your PCS orders</li> <li>• Your travel itinerary</li> <li>• Special Power of Attorney (SPOA) (optional): Granting the SPOA to your sponsor will allow them to do many things on your behalf before you arrive.</li> </ul> <p><b>The key to a smooth PCS is communication with your sponsor and gaining unit.</b></p>
<input type="checkbox"/>	<b>Start sorting your Household Items</b>	<p>Decide what you will ship, hand carry, and what you will purge. Homes are smaller in Guam, and storage upon arrival is limited.</p> <p>Set aside items not authorized to be moved or stored. See Appendix A-I "Hazardous Materials". Your TSP may have additional restrictions — discuss during your Pre-Move Survey. <a href="#">[Ref 30]</a></p>
<input type="checkbox"/>	<b>Renew your Driver's License (if applicable)</b>	<p>Check to ensure your driver's license will be valid for your whole tour in Guam. If your license expires while in Guam, you will be required to get a Guam license and the process can take over a year. Ask your sponsor for additional information.</p> <p><b>Note: If using your driver's license to access a military installation or flying, a Real ID is required. [Ref 15]</b></p>
<input type="checkbox"/>	<b>Renew your Military ID (if applicable)</b>	<p>Dependents will need the active duty service member present to renew a military ID. Dependents without a Sponsor present must have a valid DD Form 1172-2 signed by the Sponsor and a Verifying Official (valid 90 days from signature). Power of Attorney accepted if it states DEERS or Military ID card related transactions. See Military One Source for potentially renewing online. <a href="#">[Ref 16]</a></p>

<input type="checkbox"/>	<p><b>Schedule Flights with your local Passenger Travel Office (PTO)</b>  <i>(PTO is usually located within DMO) Note: this step takes some time and you cannot be officially booked on AMC-PE until on/around the 90-120-day window when flights are released by USTRANSCOM. Initiate and move to the next step.</i></p>	<p><b>The following steps explain the flight booking process.</b></p> <p>Upon receiving PCS orders, you can initiate the flight process (*if you have a pet, you do not need orders to initiate the Air Mobility Command-Patriot Express (AMC-PE) reservation process. If traveling with a pet, contact your local DMO office to get on the pet waitlist as soon as possible if no spaces are available):</p> <ol style="list-style-type: none"> <li>1. Complete your Outbound Interview (OBI) through your MOL Account</li> <li>2. Contact your local PTO to submit AMC travel/pet travel request (See "<b>Submit your Pet Information</b>")</li> <li>3. Your Admin/S-1 will review your OBI and submit your request to IPAC Outbound</li> <li>4. Once you complete the interview with IPAC outbound, IPAC will send DMO a Port-Call Request (PCR) with your family's information along with a flight window that includes two AMC dates. DMO will then respond to IPAC's PCR with a Port Call Confirmation (flight itinerary)</li> <li>5. Transportation is issued after receiving endorsement Orders. (AMC-PE should always be considered first before utilizing commercial options). A statement of non-availability and/or a negative critical mission impact statement signed by an O5 or above is required prior to flying commercial air.</li> </ol> <p>Things to consider:</p> <p>Are you taking leave? Schedule your LICWO (Leave in Conjunction with Orders) travel. The new supplemental circuitous/LICWO travel policy allows you to self-procure travel with the servicing Travel Management Company (MARADMIN 470/23). Please contact your local DMO-PTO to best understand your travel options. <a href="#">[Ref 14]</a></p> <p>Are you storing a vehicle? You may have the option to leave from the VPC (Vehicle Processing Center)</p> <p><b>Commercial leg to Seattle for AMC-PE:</b></p> <p>The commercial flight reservation will be booked through PTO. There is a difference between having reservations for your commercial flight and being ticketed for your commercial flight. Your reservation (commercial itinerary) will be forwarded to you for your flight to Seattle. If everything is correct such as location, spelling of names, and birthdates, the traveler will call the Travel Management Company (SATO) to purchase tickets. Once your flight is paid for, a commercial ticket will be issued. This travel is paid for with your GTCC and ticketed within 72 hours (3 business days) prior to departure OR on a case-by-case basis at the Marine's request upon detaching from your unit if earlier ticketing is needed.</p>
<input type="checkbox"/>	<p><b>Research your airlines</b>  <i>AMC-PE is the first option per JTR. If unable to obtain a pet spot on the AMC-PE, an ETP will be granted to fly commercial air.</i></p>	<p><b>If traveling AMC-PE (Seattle to Guam),</b> visit the AMC Travel Site <a href="#">[Ref 47]</a> and AMC Pet Travel Site <a href="#">[Ref 48]</a>.</p> <p>AMC-PE leaves from Seattle and will have multiple stops before your final destination to Guam. You may also have a commercial leg booked to get to Seattle/AMC. Make sure you research the commercial requirements for baggage and pets. <b>You are responsible for calling the commercial airline to arrange your pet travel to Seattle.</b></p> <p><b>If traveling commercial,</b> check with your airline for baggage allowance and pet information. Let your sponsor/gaining unit know as soon as your plans are finalized, so they can prepare for your arrival!</p> <p><i>AMC-PE should always be the first option. Ask your PTO for more information on the use of commercial travel to Guam.</i></p>
<input type="checkbox"/>	<p><b>Make hotel reservations at new/old PDS</b></p>	<p>Check with base accommodations first and obtain a certificate of non-availability if applicable. If you require a pet-friendly hotel, contact the hotel directly for policy and reservation.</p>
<input type="checkbox"/>	<p><b>Notify your landlord or prepare to sell/rent your home</b></p>	<p>Once you know your estimated moving dates, make a plan for your current home. Notify your landlord or make plans to sell/find renters if living in off-base housing.</p> <p><i>Remember: the Servicemember Civil Relief Act may apply. <a href="#">[Ref 17]</a></i></p>

#### IV. The Earlier, The Better (90–30 Days Out)

<input type="checkbox"/>	<b>Submit your Housing Application</b>	There is no family housing on Camp Blaz. Marines have the option to live on Andersen AFB, Navy Base Guam, or off base. All housing is run through the Navy and starts with the HEAT application. Appointments are required. <a href="#">[Ref 36]</a></li> <li>• Marines must also be able to validate that all safety recall repairs have been performed. Customers have the option to conduct a self-storage of their POV and submit a reimbursement claim. Ask your Personal Property Office Counselor for the current reimbursement rate for storage of the POV.</li> <li>• See “Shipping My POV” for additional information.</li> </ul>

#### V. The Last 30 Days Prior to Leaving Old Duty Station

*These can be completed earlier but should be done prior to departure from old PDS.*

<input type="checkbox"/>	<b>Confirm pet import process is near completion</b>	Ensure you have reviewed all steps to importing pets into Guam. You will need to ensure you obtain a health certificate prior to leaving CONUS that is valid within 10 days of arrival to Guam.
<input type="checkbox"/>	<b>Think about your cell phone plans</b>	Your sponsor can help identify the different cell phone options. Consider having a plan or temporary travel plan that will allow you to have phone service immediately off the plane. If you do get rid of your US phone number, switch any two-factor authentication accounts to a trusted phone number.
<input type="checkbox"/>	<b>Notify credit card companies / banks</b>	Notify your credit card companies and banks that you are moving. Pay any outstanding bills or set up autopay while you are in transit to your new duty station.
<input type="checkbox"/>	<b>Submit Change of Address</b>	It can take 7–10 business days to forward a mailing address through USPS. If you do not have a new address yet, consider placing a hold on your mail or forwarding to a family member temporarily.
<input type="checkbox"/>	<b>Share your forwarding address with providers</b>	Update your new address with healthcare providers and any other local services you utilize as soon as you have it so that outstanding bills can be forwarded directly to you.
<input type="checkbox"/>	<b>Cancel utilities / delivery services</b>	Check any subscriptions, utilities, or delivery services you may have and cancel or update your address.
<input type="checkbox"/>	<b>Double-check GTCC status</b>	Check with your S1/Admin/ODTA to make sure your GTCC is activated and in “mission critical” status prior to travel.

<input type="checkbox"/>	<b>Consider renters insurance</b>	Speak to your current US based insurance provider to see if they offer renters insurance while living overseas. Some companies do, but it must be set up prior to you leaving CONUS.
<input type="checkbox"/>	<b>Begin Unit Check-Out Process</b>	The active duty Marine will begin the check-out process typically within 30 days of departure. Ensure you ask any last-minute questions regarding entitlements during this time.

## VI. Prepping for Packout / Pickup

<input type="checkbox"/>	<b>Confirm dates with your TSP</b>	Contact your TSP to confirm all dates. Pack-out dates are the days leading up to your pick-up date (varies by estimated weight). The pick-up date is the day your items are placed on the truck.
<input type="checkbox"/>	<b>Complete your Pre-Move Survey</b>	Call your TSP or DMO if you are within one week of moving day and have not had a Pre-Move Survey completed. The assigned TSP will contact you to schedule — usually done at your home or over the phone. They will estimate weight and identify special items entered in DPS.
<input type="checkbox"/>	<b>Read Tips from Military One Source &amp; PPA</b>	Read the Military One Source “Prepping your move” tips <a href="#">[Ref 39]</a> & PPA: Moving and Packing Tips <a href="#">[Ref 41]</a> .
<input type="checkbox"/>	<b>Organize and separate UB/HHG/NTS</b>	<ul style="list-style-type: none"> <li>• Have separate rooms for each shipment keeps items organized so items are not mispacked in the wrong shipment.</li> <li>• TSPs may have their own policies surrounding spices, sealed foods, and other consumable items.</li> <li>• Drain lawnmower, tape remotes to electronics, remove all batteries, remove all items from walls (curtains, pictures, TVs), disassemble outdoor playsets, move items out of attic/crawl space, and ensure all appliances are disconnected.</li> <li>• Shipping alcohol is authorized per MARADMIN 289/19. Documentation is required to be submitted in advance. Please inform your move counselor when you are being brief to receive the proper paperwork. <a href="#">[Ref 32]</a></li> <li>• <b>Lithium-Ion Batteries (as of May 2023):</b> Restricted to &lt;100Wh per battery. All lithium batteries must be packaged and labeled separately. No lithium batteries are authorized to be stored in NTS. See Factsheet. <a href="#">[Ref 25]</a></li> <li>• <b>Create your own inventory:</b> Start with your highest-value items. Keep all receipts, get appraisal records, and take photos/videos prior to packing. Video record electronics/appliances in working condition and photograph serial number plates.</li> </ul> <p><i>Tip: Keep a copy of your inventory in your move binder.</i></p>

<input type="checkbox"/> <p><b>Prepare your Unaccompanied Baggage (UB) Shipment</b> <i>(Although variable, transit time is usually ~1-3 months; this is flown space available and not guaranteed to arrive prior to HHG)</i></p>	<p><b>Accompanied tours from CONUS to Guam are 2,000lbs for UB.</b> (JTR Paragraph 051403)</p> <p>The UB shipment may get to your new location faster than your Household Goods (HHG) shipment. This should include any items you will want as soon as you arrive while waiting for the rest of your belongings.</p> <ul style="list-style-type: none"> <li>• What you <b>can</b> ship as UB: Personal clothing/shoes, Kitchenware (Essential pots, pans, utensils, etc.), light household items (sheets, towels, pillows, comforters), Collapsible items such as cribs, playpens, and strollers, items to care for your dependents, and other household basics. Here is an <a href="#">Example UB Packing List</a>. <a href="#">[Ref 33]</a></li> <li>• What you <b>cannot</b> ship in UB: Appliances (washers/dryers/refrigerators), furniture, items of extraordinary value.</li> <li>• Note: If airlines accepts shipment of lithium batteries, the shipment limitations are two lithium batteries per shipment as stated in the <a href="#">Factsheet</a>. <a href="#">[Ref 25]</a></li> </ul>
<input type="checkbox"/> <p><b>Prepare your Household Goods (HHG) Shipment</b> <i>(Although variable, transit time is usually ~2-3 months)</i></p>	<p>You should have learned your total weight allowance from the forms that were generated through DPS. HHG may take longer than the UB shipment. It will usually take a few months to arrive in Guam. This is the rest of your belongings that will be going to your new duty station- including all of your furniture. You will be offered temporary furniture when you arrive if you are still waiting for your HHG.</p> <ul style="list-style-type: none"> <li>• If you are importing alcohol, firearms, or a motorcycle be sure to know the crate number and exact location of those items in the crate. Ask your movers to set these items aside and load them all into the front of one crate if possible.</li> <li>• Upon arrival in Guam, you will be required to go to the warehouse where they will unseal your crate and place these items into secure customs storage until a Customs Officer is available to meet with you and complete the import of your items.</li> <li>• Alcohol import is limited to 1 gallon per adult on order. Alcohol in excess will be subject to Duty Tax plus the cost of ocean freight for the entire shipment.</li> </ul>
<input type="checkbox"/> <p><b>Prepare your Non-Temporary Storage (NTS) Shipment</b> <i>(These are items that will remain stateside for the duration of your OCONUS tour)</i></p>	<p>Almost anything you do not want to take with you can be stored in NTS for the duration of your overseas tour. Examples: bulky furniture that might not fit, garage items, recreational gear that you might not have room to store, large appliances like washer/dryer/refrigerator (these are provided by base appliances through the housing office). Remember: houses are smaller in Guam and storage is limited. When you return to the US and establish a new address, you can request release and delivery of these stored belongings to your next PDS or destination. It is suggested to schedule your pack-out/pick-up for NTS last. Customers have the option to conduct a self-storage NTS and receive reimbursement through the travel tab in MOL, you may refer to <a href="#">TVCB PPM Website</a> for the required documentation. Most often this is done to obtain humidity and temperature-controlled facilities, usually at a greater cost than government-provided NTS. <a href="#">[Ref 38]</a></p> <p>Lithium batteries of all kinds are PROHIBITED in NTS <a href="#">[Ref 25]</a></p>

Once your flight is paid for, a commercial ticket will be issued.
